Trina Joseph 212.257.6574 [tjoseph@durst.org](mailto:tjoseph@durst.org)

## OUR SERVICES

### PREVENTITIVE MAINTENANCE

Preventive maintenance includes regular vacuuming, spot removal and pilating the carpet to prevent matting

### STEAM CLEANING

Steam cleaning is an environmentally friendly and effective way to remove dust mites and other organisms that may be living in your carpet. However, it does require drying time, so it must be scheduled during off hours.
